Academic standards define what students should know and be able to do at each grade level. The Kansas English Language Arts (KELA) standards focus on reading, writing, speaking, listening and communication development. Your student’s mastery of these academic standards ensures they are well prepared for life after high school graduation.

The KELA standards are a collection of skills that students should learn and be able to perform at advancing levels in order to meet the five foundational practice for language arts.

Language arts foundational practices:

- Speak, read and listen appropriately in all subject areas.
- Seek to understand different viewpoints.
- Use knowledge gained from reading and writing to help solve problems.
- Create different versions of texts for a range of purposes and audiences.
- Self-regulate and monitor growth in writing, speaking, reading and listening.

Example KELA expectations:

**Ask and answer questions.**

**Paraphrase** and respond to information presented in discussions.

**Report** orally on a topic.

**Engage** in collaborative conversations.

**Explain** what a text says explicitly, as well as draw inferences from a text.

**Introduce** a topic clearly, state an opinion and create an organizational structure in which related ideas are grouped according to the writer’s purpose.

**Support** reasons with facts and details.

**Describe** characters, events and settings in a story by drawing on specific details from the text.

**Use** features of informational books and articles to create understanding and locate information.
