Academic standards define what students should know and be able to do at each grade level. The Kansas English Language Arts (KELA) standards focus on reading, writing, speaking, listening and communication development. Your student’s mastery of these academic standards ensures they are well prepared for life after high school graduation.

The KELA standards are a collection of skills that students should learn and be able to perform at advancing levels in order to meet the five foundational practice for language arts.

Language arts foundational practices:
- Speak, read and listen appropriately in all subject areas.
- Seek to understand different viewpoints.
- Use knowledge gained from reading and writing to help solve problems.
- Create different versions of texts for a range of purposes and audiences.
- Self-regulate and monitor growth in writing, speaking, reading and listening.

**Example KELA expectations:**

- **Ask** and answer questions.
- **Know** and apply grade-level phonics and word analysis skills to figure out unfamiliar words.
- **Retell** stories, including key details.
- **Demonstrate** understanding of the central message or main idea of a text.
- **Explain** major differences between books that tell stories and books that give information.
- **Gather** facts and information from multiple texts.
- **Write** about a variety of topics, providing details and a sense of closure.
- **Capitalize** dates and names of people.
- **Use** commas in dates and to separate single words in a series.
- **Collaborate** in shared research and writing projects.
- **Recall** information from experiences.
- **Converse** about topics and texts.
- **Describe** people, places, things and events with pertinent details.
- **Express** ideas clearly using complete sentences in writing and when speaking.
- **Determine** the correct meaning of a word based on how the word is used in a text.
What might this look like in a classroom?

Students in a language arts classroom should be able to …

**Write, speak, read** and **listen** in all content areas to build knowledge.

**Set goals** and monitor their progress.

**Solve** problems.

**Create** meaning.

**Think** critically about real-world issues.

**Develop** a deep understanding of the world using foundational literacy practices.

**Build** on their literacy skills from prior years.

What can I do to support learning at home?

- Talk to your child at home!
- **Encourage your child to read.**
- Visit the library and read a book together.
- **Look at your child’s work and talk to them about it.**
