Olathe Public Schools is a partnership of staff, students, parents, and the community.

**Our Vision**
Students prepared for *their* future!

**Our Mission**
To provide a safe, positive environment where all students acquire knowledge and skills to be productive citizens.
Welcome to Middle School!

We share your excitement as you begin the planning process for middle school. This Program Planning Guide has been developed to provide information for you and your parents to process together, discussing the required classes as well as the elective classes. You will note that middle school offers many opportunities to “explore” new areas of study. Depending on individual need and levels of development, you will have an opportunity to strengthen skills through advanced levels of course work as well as to take part in a wide range of academic support programs.

Middle level learning opportunities are exciting, enjoyable, and challenging. Administrators, counselors and teachers at each of the middle schools are available and ready to help you make the best choices for your next academic school year. We’re excited about the many possibilities that are ahead for you and we look forward to helping you experience the very best that middle level education has to offer.

The Middle School Day  Students attend seven 50-minute classes daily from 7:50 a.m. to 3:10 p.m., with an 8th period, Academic Extension, for 30 minutes at the end of each day. The Academic Extension period is used for getting support/assistance from a teacher, small “targeted skill” group instruction, student clubs, homework, make-up work, WEB activities, pep assemblies and more.

Teaming  Students are taught by a team of teachers who coordinate instruction and routines to address student needs. Teams are by grade level.

Middle School Credits  Students earn one credit for each year-long class they earn passing grades in both semesters. For passing a semester-long class, they earn .5 credit. Only 6th graders are offered quarter-long elective courses, for which they may earn .25 credit per quarter.

Considerations For Course Enrollment

Required Courses: What do I enroll in?
Sixth graders must take 5.5 - 6 credits of required classes, and 7th and 8th graders 5 - 5.5 credits of required classes. Required classes include:

*Four Core Subjects*  Every student takes a “core” curriculum of four year-long classes in language arts, math, science, and social studies. Of these core subjects, math is differentiated by a general and advanced level at each grade, with placement in math based on the previous year’s math progress.

*Reading*  In addition to their core subjects, students take a required reading class every year. Most take a semester-long Disciplinary Literacy course at each grade level for students reading at grade level and higher. Some students reading below grade level are placed in a year-long reading class to focus on improving their skills. Students’ prior performance on reading and writing tasks is considered when determining their reading class placement.

*Physical Education and Health*  Health is integrated into students’ physical education classes. Sixth graders take a year-long Physical Education/Health class, while 7th and 8th graders take P.E./Health one semester of each school year. Students selected for the dance team or cheerleading squad during 7th and/or 8th grades substitute a year-long Cheerleading/Health class or Dance Team/Health class for their semester-long P.E./Health class.

*Academic Support Classes*  Teachers, parents, and students may decide that students would benefit from academic support or enrichment beyond the required courses.
- Students with special education I.E.P.s—Individual Education Plans—may take a period of a Resource class, as specified in the student’s I.E.P.
- Other students who need additional academic or organizational support may be directed to a specialized academic support class.
- Students learning English may take ELL—English Language Learner—classes.
To access these classes, contact a middle school counselor.

Elective Courses  After required courses are scheduled, sixth graders have up to 1.5 periods remaining in which to enroll in elective courses. Seventh and eighth graders have up to 2 class periods remaining for electives. Students request elective courses as well as elective course alternates, to be used if first-choice courses conflict or are unavailable. Seventh and eighth graders share most elective courses. Elective courses successfully completed typically may not be repeated; exceptions may include Communications/Multi-Media, Theatre, Vocal and Instrumental music depending on building availability.
Overview of Middle School Courses Grades 6-8

Grade 6

**CORE (Required)**
- Language Arts 6
- Math 6 or Math 6 Plus
- Science 6
- Social Studies 6

**Reading (Required)**
- Literacy 6 (.5)
- Read 180 (.5 to 1.0)

**Physical Education/Health (Required)**
- Physical Education/Health (1.0)

**Academic Support**
- ELL
- Guided Study
- Math 180
- QUEST (gifted)
- Resource

**Elective Courses**
- Band 6 (1.0)
- Choir 6 (.5 or 1.0)
- Communications/Multi-Media 6 (.25)
- Computer 6 (.25)
- Exploring Art (.25)
- Focus On FACS (.25)
- French 6 (.25)
- Introduction to Technology 6 (.25)
- Leadership Today 6 (.25)
- Orchestra 6 (1.0)
- Spanish 6 (.25)
- Theatre 6 (.25)

Electives are offered based on student request and building staffing. Not all electives may be offered in every building.

Grade 7

**CORE (Required)**
- Language Arts 7
- Math 7 or Math 7 Plus
- Science 7
- Social Studies 7

**Reading (Required)**
- Literacy 7 (.5)
- Read 180 (.5 to 1.0)

**Physical Education/Health (Required)**
- Physical Education/Health (.5)
- Cheerleading/Health (1.0)
- Dance Team/Health (1.0)

**Academic Support**
- ELL
- Guided Study
- Math 180
- QUEST (gifted)
- Resource

**Elective Courses**
- Advanced Choir (1.0)
- Advanced Ensemble (1.0)
- Art I (.5)
- Art II (.5)
- Band 7 (1.0)
- Communications/Multi-Media (.5)
- Computer I (.5)
- Computer II (.5)
- Explorations in Technology (.5)
- Focus on French (.5)
- Focus on Spanish (.5)
- Innovations in Computer Coding and App Creating (.5)
- Intermediate Choir (1.0)
- Introduction to Apparel Production (.5)
- Introduction to Culinary I & II (.5)
- Introduction to Fashion, Apparel & Interior Design (FAID) (.5)
- Jazz Band (.5)
- Leadership Concepts (.5)
- Orchestra 7 (1.0)
- Pre-Engineering I & II (.5)
- Spanish for Heritage Speakers (.5)
- Stagecraft (.5)
- Theatre I (.5)
- Theatre II (.5)

Grade 8

**CORE (Required)**
- Language Arts 8
- Math 8 or Algebra I
- Science 8
- Social Studies 8

**Reading (Required)**
- Literacy 8 (.5)
- Read 180 (.5 to 1.0)

**Physical Education/Health (Required)**
- Physical Education/Health (.5)
- Cheerleading/Health (1.0)
- Dance Team/Health (1.0)

**Academic Support**
- ELL
- Guided Study
- Math 180
- QUEST (gifted)
- Resource

**Elective Courses**
- Advanced Choir (1.0)
- Advanced Ensemble (1.0)
- AIM 8
- Art I (.5)
- Art II (.5)
- Art III (.5)
- Band 8 (1.0)
- Careers (.5)
- Communications/Multi-Media (.5 or 1.0)
- Computer I (.5)
- Computer II (.5)
- Explorations in Technology (.5)
- Focus on French (.5)
- French I (1.0)
- Focus on Spanish (.5)
- Innovations in Computer Coding and App Creating (.5)
- Intermediate Choir (1.0)
- Introduction to Apparel Production (.5)
- Introduction to Culinary I & II (.5)
- Introduction to Fashion, Apparel & Interior Design (FAID) (.5)
- Introduction to Materials & Processes (.5)
- Jazz Band (.5)
- Leadership Concepts (.5)
- Leadership Exploration (.5)
- Orchestra 8 (1.0)
- Pre-Engineering I & II (.5)
- Spanish I (1.0)
- Spanish for Heritage Speakers (.5)
- Stagecraft (.5)
- Theatre I (.5)
- Theatre II (.5)
- Yearbook (.5-1.0)
Students in the non-accelerated pathway have all options and opportunities available to them in high school and college. Being on a regular math pathway does not limit a student and being on an accelerated math pathway does not provide an advantage for 21st century academies or college admission.
## Middle School Courses that lead to High School Career Pathways or 21st Century Academies

Students often wonder what courses they can take in middle school in order to be prepared for a high school career pathway or 21st century academy. The best preparation for participation in these courses at the high school level is to learn as much as possible in ALL classes while in middle school and learn study skills that will facilitate success in all future areas. If searching for electives, the list below can be used as a guide. If you do not see a pathway or 21st century academy that you are interested in listed below, don’t worry. Although there is not a middle school elective class with a direct link to that area, all middle school electives will help prepare for eventual participation. Undecided students are encouraged to try a world language or a fine arts elective which prepares for all high school options.

### Aviation Electronics Pathway
- Computer 6
- Computer I & II
- Introduction to Technology 6
- Explorations in Technology
- Introduction to Materials & Processes
- Pre-Engineering I & II

### BOEngineering Academy
- Computer 6
- Computer I & II
- Communications/Multimedia 6
- Introduction to Technology 6
- Explorations in Technology
- Introduction to Materials and Processes
- Pre-Engineering I & II

### Business Finance Pathway
- Math 6, 7, 8

### Civic Leadership Academy
- Leadership Today 6
- Leadership Concepts
- Leadership Exploration

### Computer Science Academy
- Computer 6
- Computer I & II

### Construction & Design Pathway
- Introduction to Technology 6
- Explorations in Technology
- Introduction to Fashion, Apparel & Interior Design
- Introduction to Materials & Processes
- Pre-Engineering I & II

### Design Academy
- Focus on FACS
- Introduction to Fashion, Apparel & Interior Design (FAID)
- Introduction to Technology
- Explorations in Technology
- Introduction to Materials & Processes
- Exploring Art
- Pre-Engineering I & II

### Digital Media Pathway
- Communications/Multi-Media 6
- Computer 6
- Communications/Multi-Media
- Computer I & II
- Yearbook

### e-Communication Academy
- Communication/Multi-Media 6
- Computer 6
- Communications/Multi-Media
- Computer I & II

### Energy Pathway
- Computer 6
- Computer I & II
- Introduction to Technology 6
- Explorations in Technology
- Introduction to Materials & Processes

### Engineering Academy & Engineering & Applied Mathematics Pathway
- Computer 6
- Computer I & II
- Introduction to Technology 6
- Explorations in Technology
- Introduction to Materials and Processes
- Pre-Engineering I & II

### Family, Community & Consumer Services Pathway
- Focus on FACS
- Careers

### Future Educators Academy & Government & Public Administration Pathway
- Careers

### Green Tech Academy
- Computer 6
- Computer I & II
- Introduction to Technology 6
- Explorations in Technology
- Introduction to Materials & Processes

### Manufacturing & Production Pathway & Mobile Equipment Maintenance
- Introduction to Technology 6
- Explorations in Technology
- Introduction to Materials & Processes

### Program & Software Development Pathway
- Computer 6
- Computer I & II

### Public Safety Academy
- Spanish 6
- Focus on Spanish
- Spanish I

### Restaurant & Event Management Pathway
- Focus on FACS
- Introduction to Culinary I & II

### Teaching/Training Careers

### Visual Arts—FAID—Fashion, Apparel, Interior Design Pathway
- Focus on FACS
- Introduction to Apparel Production
- Introduction to Fashion, Apparel, & Interior Design (FAID)

### Visual Arts—Graphic Design Pathway AND Web & Digital Communications Pathway
- Computer 6
- Computer I & II

### For science-based academies (Animal Health, Geoscience, Medical Professions, and Sports Medicine & Exercise Science) not listed above, students are advised to focus on their core classes, especially math and science classes. Additionally, having experience with technology and computer programming is recommended.

### Distinguished Scholars should excel in one or more of the following areas:
- Math 6, 7, 8
- Science 6, 7, 8
- English 6, 7, 8
- Social Studies 6, 7, 8
- Exploring Art 6, Stagecraft 7, 8, Art I, II, III

<td></td>
</tr>
</tbody>
</table>

This course is the beginning of the secondary language arts program. It includes the study of literature and relevant informational text. Effective reading, writing, speaking and listening, and language skills are developed through reading and analyzing complex text. Students will produce argumentative, informational/explanatory, and narrative writing for a variety of purposes. This writing will be grounded in claims and supported with evidence from the text.

This course focuses on mathematical practices and four critical areas of content: 1) connecting fractions to ratio and rate along with solving problems; 2) completing understanding of division of fractions and extending the notion of number to the system of rational numbers, which includes negative numbers; 3) writing, interpreting, and using expressions and equations; and 4) developing understanding of statistical thinking. This course stresses the depth and rigor for future math course success.

</tbody>
</table>

This course combines all of the Kansas College and Career Standards for Mathematics for Grade 6 and some Grade 7 standards into one course. The standards are bundled by units from decimal computation to algebraic skills such as equations and expressions. The mathematical practices are applied to proportional reasoning, operations with rational numbers, linear equations, and real-world applications. **Guided Enrollment Note:** Students will be placed in this course based on the following district criteria: 1) district and state assessment results, 2) MAP scores, 3) current course performance.

</tbody>
</table>

This course is designed to support the work of the 6th grade subject areas by using the literacies of the different disciplines and incorporating them into the areas of reading, writing, and speaking and listening. Students will demonstrate their knowledge of the different literacies through different methods including writing, projects, discussions, and presentations. This work in this course is focused on close reading and high levels of critical thinking.

<table>

The goal of Physical Education/Health is to develop physically and healthy individuals who have the knowledge, skills and confidence to enjoy a lifetime of healthful physical activity and engage in healthful behaviors.
Grade 6 Courses - Electives

**Band 6**

Grade Level: 6  
Two Semesters - 1.0 credit

Students may have had prior band experience in 5th grade or start as beginners. **Guided Enrollment Note:** Throughout the year, attendance is required at performances and rehearsals, which may be scheduled before/after school, in the evening and on weekends. Regular at-home practice will be required as a graded assignment. Students must provide their own instrument. A uniform purchase may be required. **Financial assistance is available to those who qualify.**

**Choir 6**

Grade Level: 6  
One or Two Semesters - 0.5-1.0 credit

Students will discover the joy of singing while building relationships that last a lifetime. Singers will build confidence and skills that prepare them for future success. **Guided Enrollment Note:** Throughout the year, attendance is required at performances and rehearsals, which may be scheduled before/after school, in the evening, and on weekends. Home practice may be required as a graded assignment. A uniform purchase may be required. **Financial assistance is available to those who qualify.**

**Communications/Multi-Media 6**

Grade Level: 6  
One Quarter - 0.25 credit

This course will expose students to increased speech, interpersonal communications, media, and introductory journalism skills. Writing skills will also be addressed.

**Computer 6**

Grade Level: 6  
One Quarter - 0.25 credit

Impress your friends and family with the newest and most exciting technologies! This course introduces students to the basic areas of technology through the use of fun projects and activities such as: Wed 2.0 tools, Paint, email, internet, Microsoft Word, Excel, PowerPoint, Publisher, and typing skills. This is a great class that prepares students for future computer courses.

**Exploring Art**

Grade Level: 6  
One Quarter - 0.25 credit

Students will explore a variety of 2-D and 3-D media. Basic techniques and an overview of artistic materials will be stressed. The emphasis will be on developing the student’s creativity and imagination.

**Focus on FACS 6**

Grade Level: 6  
One Quarter - 0.25 credit

This course introduces students to basic cooking & nutrition, basic sewing, and personal/family relationships. Additionally, students will learn child care while learning to be a good friend and family member along with related career opportunities.

**French 6**

Grade Level: 6  
One Quarter - 0.25 credit

This course introduces students to the French language and culture around the world. Students learn vocabulary and phrases related to daily life and personal interests.

**Introduction to Technology 6**

Grade Level: 6  
One Quarter - 0.25 credit

This course provides an opportunity for students to explore and develop an awareness of modern technology and related career opportunities. Students will investigate areas such as engineering, graphic communications, electronics, and research & design.

**Leadership Today 6**

Grade Level: 6  
One Quarter - 0.25 credit

This course examines past and present leaders in a variety of fields. Students are introduced to leadership skills and concepts.

**Math 180**

Grade Level: 6, 7, 8  
One or Two Semesters - 0.5-1.0 credit

This course offers intensive instruction to improve basic math skills in terms of concept development, application, and fluency based on individual student needs. **Guided Enrollment Note:** Students are placed into this class based on district criteria.

**Orchestra 6**

Grade Level: 6  
Two Semesters - 1.0 credit

This course is open to all students who play violin, viola, cello and string bass. Students should be starting their second year of instruction. **Guided Enrollment Note:** Attendance is required at all rehearsals and performances. Regular at-home practice will be required as a graded assignment. Students on violin, viola, and cello must furnish their own instrument. A uniform purchase may be required. **Financial assistance is available to those who qualify.**

**Spanish 6**

Grade Level: 6  
One Quarter - 0.25 credit

This course introduces students to the Spanish language and the Hispanic culture around the world. Students learn vocabulary and phrases related to daily life and personal interests.

**Theatre 6**

Grade Level: 6  
One Quarter - 0.25 credit

Enter the thrilling and interactive world of theatre. This class will help build self-confidence and creative expression through introductory acting techniques, dramatic movement and vocal work.

Grade 7 Courses - Electives

**Advanced Choir**

Grade Level: 7, 8  
Two Semesters - 1.0 credit  
This class focuses on advanced study in vocal technique, sight singing and performance practices. *Guided Enrollment Note: Throughout the year, attendance is required at ensemble performances and rehearsals which may be scheduled before/after school, in the evening, and on weekends. Home practice may be required as a graded assignment. A uniform purchase may be required, and financial assistance is available for those who qualify.*

**Advanced Ensemble**

Grade Level: 7, 8  
Two Semesters - 1.0 credit  
This advanced choral experience focuses on progressive ensemble skills, vocal techniques, and music literacy skills. Independent singing, vocal technique, and sight singing skills will be developed. *Guided Enrollment Note: Throughout the year, attendance is required at performances and rehearsals which may be scheduled before/after school, in the evening, and on weekends. Home practice may be required as a graded assignment. A uniform purchase may be required, and financial assistance is available for those who qualify.*

**Art I**

Grade Level: 7, 8  
One Semester - 0.5 credit  
This introductory art course is designed to provide seventh and eighth grade students an opportunity to experience drawing, painting, printmaking, ceramics, and sculpture. The Elements of Art, artists, and art history will provide a framework for this experience.

**Art II**

Grade Level: 7, 8  
One Semester - 0.5 credit  
Prerequisite: Art I  
This course is designed for both seventh and eighth grade students who will be building on what they learned in Art I. There will be an emphasis on the Elements of Art and Principles of Design while creating a variety of 2-D and 3-D projects.

**Band 7**

Grade Level: 7  
Two Semesters - 1.0 credit  
Prerequisite: Band 6 or permission by instructor  
This course is open to all 7th grade band students and focuses on the continued development of instrument and performance techniques. *Guided Enrollment Note: Throughout the year, attendance is required at performances and rehearsals, which may be scheduled before/after school, in the evening and on weekends. Regular at-home practice will be required as a graded assignment. Students must provide their own instrument. A uniform purchase may be required, and financial assistance is available for those who qualify.*

**Communications/Multi-Media**

Grade Level: 7, 8  
One Semester - 0.5 credit  
The focus of this course is improving communication skills through oral and written language. Students will study journalism, write articles, and produce the school newspaper.

**Computer I**

Grade Level: 7, 8  
One Semester - 0.5 credit  
This is a project-based course which helps prepare students to use technology and provides further experiences with word processing, spreadsheets, presentations and graphical applications. Course content is updated frequently to reflect new technologies.

**Computer II**

Grade Level: 7, 8  
One Semester - 0.5 credit  
Prerequisite: Computer I  
This course is designed to help students build on what they learned in Computer I. This class expands students' knowledge of computer software. Course content is updated frequently to reflect new technologies.

**Explorations in Technology**

Grade Level: 7, 8  
One Semester - 0.5 credit  
This course is an introduction into a wide variety of careers in technology. Students have the opportunity to explore areas such as electricity, plastics, robotics, computer-aided drafting and design, home makeover, engines, flight, energy power and mechanics, applied physics, CNC manufacturing, audio broadcasting, and practical skills.

**Focus on French**

Grade Level: 7, 8  
One Semester - 0.5 credit  
Students explore Francophone countries, focusing on their cultural differences, holidays, and customs. Students interact with vocabulary and phrases related to daily life and personal interests.

**Focus on Spanish**

Grade Level: 7, 8  
One Semester - 0.5 credit  
Students explore Spanish-speaking countries, focusing on their cultural differences, holidays, and customs. Students interact with vocabulary and phrases related to daily life and personal interests.
Grade 7 Courses - Electives

**Innovations in Computer Coding and App Creating**
CP 120
Grade Level: 7, 8
One Semester - 0.5 credit
This course will allow students to discover computer science concepts and skills by creating projects and developing mobile apps. Students will learn about programming by blending hardware design and software development. Students will customize their experience by choosing a problem that interests them.

**Intermediate Choir**
PA 120 A/B
Grade Level: 7, 8
Two Semesters - 1.0 credit
This class focuses on intermediate to advanced study of vocal technique, sight singing, and ensemble performance practices. Guided Enrollment Note: Throughout the year, attendance is required at performances and rehearsals which may be scheduled before/after school, in the evening, and on weekends. Home practice may be required as a graded assignment. A uniform purchase may be required. Financial assistance is available for those who qualify.

**Introduction to Apparel Production**
HE 160
Grade Level: 7, 8
One Semester - 0.5 credit
This introductory level course gives students an opportunity to learn the basics of sewing and proper machine use. Students will learn safe use of a sewing machine and specific equipment, textile selection, and basic construction techniques. Through hands-on projects and presentations students will learn how to create designs for home and personal use. Guided Enrollment Note: Students will furnish their own supplies for individual projects.

**Introduction to Culinary I**
HE 130
Grade Level: 7, 8
One Semester - 0.5 credit
This course will introduce students to skills and knowledge in the areas of kitchen and meal management. Safety, sanitation, lab management, and nutrition are emphasized in each unit. Cooking lab experiences will include baking, preparing protein, fresh produce, and international foods.

**Introduction to Culinary II**
HE 140
Grade Level: 7, 8
One Semester - 0.5 credit
Students will learn proper cooking and preparation techniques, scientific principles relating to recipes, and the role each plays in a healthy diet. Basics of kitchen management and safety are integral to each preparation lab. Healthy food choices are emphasized in each unit.

**Introduction to Fashion, Apparel & Interior Design (FAID)**
HE 170
Grade Level: 7, 8
One Semester - 0.5 credit
This introductory level course gives students an opportunity to learn the basics of the design industry with special focus on fashion, interiors and apparel. Through hands-on projects and presentations, students will learn about the basics of color, fashion history, design principles, textile selection, fashion basics, entrepreneurship and careers in design fields. Guided Enrollment Note: Students will furnish their own supplies for individual projects.

**Jazz Band**
PA 050
Grade Level: 7, 8
One Semester - 0.5 credit
Prerequisite: Band 6 or permission by instructor
Concurrent enrollment in Band 7/8 or Orchestra 7/8 is required. This course provides students with strong fundamental skills covered in the concert band classes, with an introduction to various jazz styles, solo improvisation, and performance opportunities. Guided Enrollment Note: Throughout the year, attendance is required at performances and rehearsals, which may be scheduled before/after school, in the evening and on weekends. Regular at-home practice will be required as a graded assignment. Students must provide their own instrument. A uniform purchase may be required. Financial assistance is available for those who qualify.

**Leadership Concepts**
YA 300
Grade Level: 7, 8
One Semester - 0.5 credit
This class introduces students to the various types of leaders and models of leadership. Students will participate in team building activities and develop their knowledge of leadership skills and concepts. Students will research and propose solutions to building-level issues.

**Math 180**
MA 027
MA 027 A/B
Grade Level: 6, 7, 8
One or Two Semesters - 0.5-1.0 credit
This course offers intensive instruction to improve basic math skills in terms of concept development, application, and fluency based on individual student needs. Guided Enrollment Note: Students are placed into this class based on district criteria.

**Orchestra 7**
PA 070 A/B
Grade Level: 7
Two Semesters - 1.0 credit
Prerequisite: Orchestra 6 or permission by instructor
This course is open to all students who play violin, viola, cello and string bass. Students should be starting their third year of instruction. Guided Enrollment Note: Attendance is required at all rehearsals and performances. Regular at-home practice will be required as a graded assignment. Students on violin, viola, and cello must furnish their own instrument. A uniform purchase may be required. Financial assistance is available for those who qualify.

<td>Students learn about the different engineering fields along with the design process of engineering through project-based learning. They use the design process to learn about flight as well as different drawing techniques. Students are introduced to industry software and 3D printing.</td>
</tr>
<tr>
<td><strong>Pre-Engineering II</strong></td>
<td>7, 8</td>
<td>Pre-Engineering I</td>
<td>Students learn about the 6 simple machines used in engineering and gears used to create robots to perform different tasks. They will use this knowledge to build simple machines while also learning about different circuits and components.</td>
</tr>
<tr>
<td><strong>Spanish for Heritage Speakers</strong></td>
<td>7, 8</td>
<td></td>
<td>This course is designed specifically for students who have already gained speaking and listening proficiency in Spanish in a home or other community setting or in a previous school setting outside of the United States. Students will strengthen their reading and writing skills in Spanish through study and discussion of language structure, cultural and current events, and academic language. This class is conducted entirely in Spanish. Students may be asked to complete a language assessment to determine proper placement in this course. <strong>Guided Enrollment Note:</strong> Students may take this course in both 7th and 8th grade if desired. This course may not be offered at all middle schools.</td>
</tr>
<tr>
<td><strong>Stagecraft</strong></td>
<td>7, 8</td>
<td></td>
<td>Students will take a look behind the scenes in this technical theatre course. Students get hands-on experience with design, scenic painting, costumes, makeup, prop construction, and other aspects of production work.</td>
</tr>
<tr>
<td><strong>Theatre I</strong></td>
<td>7, 8</td>
<td></td>
<td>Explore the multi-faceted world of theatre in this introductory class. Students will cultivate self-expression and confidence through a collaborative look at movement, acting techniques, and performance. Students will also improve their creative thinking and analytical skills through scriptwriting and interpretation.</td>
</tr>
<tr>
<td><strong>Theatre II</strong></td>
<td>7, 8</td>
<td>Theatre I</td>
<td>This class is an in-depth course that builds upon the skills and techniques learned in Theatre I. This class will challenge students’ leadership and creativity as they collaborate in theatre projects such as scene work, playwriting, play production, script analysis, and character development.</td>

CORE

Algebra I

Grade Level: 8
Two Semesters - 1.0 credit
Prerequisite: Math 7 Plus

Students engage in methods for analyzing, solving, and using quadratic functions. Students experience mathematics as a coherent, useful, and logical subject that makes use of problem solving skills. Students will analyze and explain the process of solving an equation as well as write, interpret, and translate between various forms of linear equations and inequalities.

Math 8

Grade Level: 8
Two Semesters - 1.0 credit

Students continue to build an algebra foundation from earlier grades. This course embeds the mathematical practices throughout learning. Instruction will focus on an in-depth study of expressions and equations leading to linear equations. The concept of a function will be formalized to prepare students for Algebra 1. The course ends with geometric concepts of angles, distance, similarity, scatter plots, congruence and applying the Pythagorean Theorem.

Language Arts 8

Grade Level: 8
Two Semesters - 1.0 credit

This course includes the study of literature and relevant informational text. Effective reading, writing, speaking and listening, and language skills are developed through reading and analyzing complex text. Students will produce argumentative, informational/explanatory, and narrative writing for a variety of purposes.

Science 8

Grade Level: 8
Two Semesters - 1.0 credit

This course explores the science of the dynamic earth and the universe, along with an integration of basic chemistry. Conducted in a laboratory setting, this course emphasizes investigative science and activity-based learning.

Social Studies 8

Grade Level: 8
Two Semesters - 1.0 credit

This is a survey of American history from the end of the American Revolution to 1900. Units include: the beginnings of the national government, westward expansion, Jacksonian democracy, the Civil War and Reconstruction, the end of the frontier and the growth of big business.

Reading

Literacy 8

Grade Level: 8
One Semester - 0.5 credit

This course is designed to support the work of the 8th grade subject areas by using the literacies of the different disciplines and incorporating them into the areas of reading, writing, and speaking and listening. Students will demonstrate their knowledge of the different literacies through different methods including writing, projects, discussions, and presentations. The work in this course is focused on close reading and high levels of critical thinking.

Read 180

Grade Level: 7
One or Two Semesters - 0.5-1.0 credit

This course offers intensive instruction to improve basic reading skills in terms of comprehension, vocabulary, and fluency based on individual student needs. Students will also choose reading material based on interest and reading level. Guided Enrollment Note: Students are placed into this class based on district criteria.

Physical Education & Health

Cheerleading/Health

Grade Level: 7, 8
Two Semesters - 1.0 credit

Admission to this course is by audition only. Grades and citizenship must be in compliance with the Kansas State High School Activities Association. The class emphasizes cheerleading skills and technique, conditioning, leadership, and squad unity. This course satisfies the physical education requirement. The health curriculum will also be delivered to students enrolled in this course.

Dance Team/Health

Grade Level: 7, 8
Two Semesters - 1.0 credit

Admission to this course is by audition only. Grades and citizenship must be in compliance with the Kansas State High School Activities Association in order to audition. The class includes choreographing and learning routines, performing at various functions, and attending extra rehearsals. This course satisfies the physical education requirement. The health curriculum will also be delivered to students enrolled in this course.

Physical Education/Health

Grade Level: 8
One Semester - 0.5 credit

The goal of Physical Education/Health is to develop physically and healthy individuals who have the knowledge, skills and confidence to enjoy a lifetime of healthful physical activity and engage in healthful behaviors.

</tr>
<tr>
<td><strong>Advanced Ensemble</strong></td>
<td>7, 8</td>
<td>1.0</td>
<td></td>
<td>This advanced choral experience focuses on progressive ensemble skills, vocal techniques, and music literacy skills. Independent singing, vocal technique, and sight singing skills will be developed. <strong>Guided Enrollment Note:</strong> Throughout the year, attendance is required at performances and rehearsals which may be scheduled before/after school, in the evening, and on weekends. Home practice may be required as a graded assignment. A uniform purchase may be required. Financial assistance is available for those who qualify.</td>
</tr>
<tr>
<td><strong>AIM 8</strong></td>
<td>8</td>
<td>0.5</td>
<td></td>
<td>This course is an elective class for students who are college-bound. Students learn college and career readiness skills to enhance academic success. Students will set goals, learn about time management and note-taking skills, create a four-year high school academic plan and work effectively in collaborative groups while learning about future college and career options. <strong>Guided Enrollment Note:</strong> Students are placed into this class based on district criteria.</td>
</tr>
<tr>
<td><strong>Band 8</strong></td>
<td>8</td>
<td>0.5</td>
<td>Band 7 or permission by instructor</td>
<td>This course is open to all 8th grade band students and focuses on the advanced study of instrument and performance techniques. <strong>Guided Enrollment Note:</strong> Throughout the year, attendance is required at performances and rehearsals, which may be scheduled before/after school, in the evening and on weekends. Regular at-home practice will be required as a graded assignment. Students must provide their own instrument. A uniform purchase may be required. Financial assistance is available for those who qualify.</td>
</tr>
<tr>
<td><strong>Careers</strong></td>
<td>8</td>
<td>0.5</td>
<td></td>
<td>This class develops knowledge and skills and explores attitudes needed for success in school and the workplace. Students explore topics relating to identifying their own interests, career possibilities, pre-employment skills, workplace skills, and educational goals. This class will have guest speakers. Students in this class are introduced to the career clusters and Olathe’s High School Pathway and Academy options.</td>
</tr>
<tr>
<td><strong>Communications/Multi-Media</strong></td>
<td>7, 8</td>
<td>0.5-1.0</td>
<td></td>
<td>The focus of this course is improving communication skills through oral and written language. Students will study journalism, write articles, and produce the school newspaper.</td>
</tr>
<tr>
<td><strong>Computer I</strong></td>
<td>7, 8</td>
<td>0.5</td>
<td></td>
<td>This is a project-based course which helps prepare students to use technology and provides further experiences with word processing, spreadsheets, presentations and graphical applications. Course content is updated frequently to reflect new technologies.</td>
</tr>
<tr>
<td><strong>Computer II</strong></td>
<td>7, 8</td>
<td>0.5</td>
<td>Computer I</td>
<td>This course is designed to help students build on what they learned in Computer I. This class expands students’ knowledge of computer software. Course content is updated frequently to reflect new technologies.</td>
</tr>
<tr>
<td><strong>Explorations in Technology</strong></td>
<td>7, 8</td>
<td>0.5</td>
<td></td>
<td>This course is an introduction into a wide variety of careers in technology. Students have the opportunity to explore areas such as electricity, plastics, robotics, computer-aided drafting and design, home makeover, engines, flight, energy power and mechanics, applied physics, CNC manufacturing, audio broadcasting, and practical skills.</td>

# Grade 8 Courses - Electives

## Grade Level: 7, 8

### Focus on French

**FL 100**

**Grade Level:** 7, 8  
**One Semester - 0.5 credit**

Students explore French countries, focusing on their cultural differences, holidays, and customs. Students interact with vocabulary and phrases related to daily life and personal interests.

### Focus on Spanish

**FL 110**

**Grade Level:** 7, 8  
**One Semester - 0.5 credit**

Students explore Spanish-speaking countries, focusing on their cultural differences, holidays, and customs. Students interact with vocabulary and phrases related to daily life and personal interests.

### French I

**FL 410M A/B**

**Grade Level:** 8  
**Two Semesters - 1.0 credit**

This class is designed for students who have had little or no experience learning French. Students learn about the French culture and learn to communicate in the context of ordinary, daily situations. In order to promote language proficiency, much of this class is taught in French. Students who complete this course continue to French II. **Guided Enrollment Note:** Students must take French 1 in 8th grade if they plan to enroll in AP French their senior year in high school.

### Innovations in Computer Coding and App Creating

**CP 120**

**Grade Level:** 7, 8  
**One Semester - 0.5 credit**

This course will allow students to discover computer science concepts and skills by creating projects and developing mobile apps. Students will learn about programming by blending hardware design and software development. Students will customize their experience by choosing a problem that interests them.

### Intermediate Choir

**PA 120 A/B**

**Grade Level:** 7, 8  
**Two Semesters - 1.0 credit**

This class focuses on intermediate to advanced study of vocal technique, sight singing, and ensemble performance practices. **Guided Enrollment Note:** Throughout the year, attendance is required at performances and rehearsals which may be scheduled before/after school, in the evening, and on weekends. Home practice may be required as a graded assignment. A uniform purchase may be required, and financial assistance is available for those who qualify.

### Introduction to Apparel Production

**HE 160**

**Grade Level:** 7, 8  
**One Semester - 0.5 credit**

This introductory level course gives students an opportunity to learn the basics of sewing and proper machine use. Students will learn safe use of a sewing machine and specific equipment, textile selection, and basic construction techniques. Through hands-on projects and presentations students will learn how to create designs for home and personal use. **Guided Enrollment Note:** Students will furnish their own supplies for individual projects.

### Introduction to Culinary I

**HE 130**

**Grade Level:** 7, 8  
**One Semester - 0.5 credit**

This course will introduce students to skills and knowledge in the areas of kitchen and meal management. Safety, sanitation, lab management, and nutrition are emphasized in each unit. Cooking lab experiences will include baking, preparing protein, fresh produce, and international foods.

### Introduction to Culinary II

**HE 140**

**Grade Level:** 7, 8  
**One Semester - 0.5 credit**

Students will learn proper cooking and preparation techniques, scientific principles relating to recipes, and the role each plays in a healthy diet. Basics of kitchen management and safety are integral to each preparation lab. Healthy food choices are emphasized in each unit.

### Introduction to Fashion, Apparel & Interior Design (FAID)

**HE 170**

**Grade Level:** 7, 8  
**One Semester - 0.5 credit**

This introductory level course gives students an opportunity to learn the basics of the design industry with special focus on fashion, interiors and apparel. Through hands-on projects and presentations students will learn about the basics of color, fashion history, design principles, textile selection, fashion basics, entrepreneurship and careers in design fields. **Guided Enrollment Note:** Students will furnish their own supplies for individual projects.

### Introduction to Materials & Processes

**IT 210**

**Grade Level:** 8  
**One Semester - 0.5 credit**

This course is designed for students with an interest in woods, metals, plastics, and related technologies. After an introduction involving drafting, machine and shop safety, students fabricate projects using basic drawings and equipment.
Grade 8 Courses - Electives

**Jazz Band**

Grade Level: 7, 8  
One Semester - 0.5 credit  
Prerequisite: Band 6 or permission by instructor  
Concurrent enrollment in Band 7/8 or Orchestra 7/8 is required. This course provides students with strong fundamental skills covered in the concert band classes, with an introduction to various jazz styles, solo improvisation, and performance opportunities. **Guided Enrollment Note:** Throughout the year, attendance is required at performances and rehearsals, which may be scheduled before/after school, in the evening and on weekends. Regular at-home practice will be required as a graded assignment. Students must provide their own instrument. A uniform purchase may be required. Financial assistance is available for those who qualify.

**Leadership Concepts**

Grade Level: 7, 8  
One Semester - 0.5 credit  
This class introduces students to the various types of leaders and models of leadership. Students will participate in team building activities and develop their knowledge of leadership skills and concepts. Students will research and propose solutions to building-level issues.

**Leadership Explorations**

Grade Level: 8  
One Semester - 0.5 credit  
Students will assess and define their personal leadership style. Students participate in team building activities and further develop their own leadership skills. Students research and present a social advocacy project.

**Math 180**

Grade Level: 6, 7, 8  
One or Two Semesters - 0.5-1.0 credit  
This course offers intensive instruction to improve basic math skills in terms of concept development, application, and fluency based on individual student needs. **Guided Enrollment Note:** Students are placed into this class based on district criteria.

**Orchestra 8**

Grade Level: 8  
Two Semesters - 1.0 credit  
Prerequisite: Orchestra 7 or permission by instructor  
This course is open to all students who play violin, viola, cello and string bass. Students should be starting their fourth year of instruction. **Guided Enrollment Note:** Attendance is required at all rehearsals and performances. Regular at-home practice will be required as a graded assignment. Students on violin, viola, and cello must furnish their own instrument. A uniform purchase may be required. Financial assistance is available for those who qualify.

**Pre-Engineering I**

Grade Level: 7, 8  
One Semester - 0.5 credit  
Students learn about the different engineering fields along with the design process of engineering through project-based learning. They use the design process to learn about flight as well as different drawing techniques. Students are introduced to industry software and 3D printing.

**Pre-Engineering II**

Grade Level: 7, 8  
One Semester - 0.5 credit  
Prerequisite: Pre-Engineering I  
Students learn about the 6 simple machines used in engineering and gears used to create robots to perform different tasks. They will use this knowledge to build simple machines while also learning about different circuits and components.

**Spanish I**

Grade Level: 8  
Two Semesters - 1.0 credit  
This class is designed for students who have had little or no experience learning Spanish. Students learn about the Hispanic culture and to communicate in the context of ordinary, daily situations. In order to promote language proficiency, much of this class is taught in Spanish. Students who complete this course continue to Spanish II. **Guided Enrollment Note:** Students must take Spanish 1 in 8th grade if they plan to enroll in AP Spanish their senior year in high school.

**Spanish for Heritage Speakers**

Grade Level: 7, 8  
One Semester - 0.5 credit  
This course is designed specifically for students who have already gained speaking and listening proficiency in Spanish in a home or other community setting or in a previous school setting outside of the United States. Students will strengthen their reading and writing skills in Spanish through study and discussion of language structure, cultural and current events, and academic language.
