

Code of

**STUDENT
CONDUCT**

Revised, August 2021

Providing our students with a safe and positive learning environment is a top priority of our district and community. The Board of Education has adopted a *Code of Student Conduct* the district expects all schools to implement and all students to follow.

We encourage you to read this important information and discuss this as a family at home. Please feel free to contact your school administrators to discuss any of these policies or ask any questions regarding implementation.

In addition to these policies, the Olathe Public Schools promotes positive expectations and provides positive supports for students through school experiences that promote kindness, compassion and leadership. Our Student Guiding Principles of respect, honesty, responsibility, and trustworthiness guide the day-to-day expectations for student interaction. We strive to create an atmosphere where all students, regardless of individual differences, are respected, accepted, and safe.

We know our students and families make every effort to support our efforts to keep schools safe and support positive emotional-wellness for our students. Our community expects each school to be “A Safe School for All.”

The *Code of Student Conduct* is only reprinted when there are major revisions. Visit www.olatheschools.org for current information, including any revisions to this document. This document is made available to every student and family at the beginning of the school year. A print copy may be requested at any time from your school’s front office.

INTRODUCTION

The standards of conduct listed in the *Code of Student Conduct* and the related administrative options to address inappropriate behavior have been adopted by the Board of Education as approved procedure. The *Code of Student Conduct* is designed to encourage student responsibility, respect for the rights of others and to ensure the safe and orderly operation of all Olathe Public Schools.

This booklet contains examples of the types of inappropriate behavior, which result in disciplinary action. The behaviors described should be viewed as representative of the inappropriate behavior. The list is not inclusive of all types of inappropriate behavior. Any inappropriate student behavior, which is disruptive to an orderly educational environment, will be subject to the authority of the classroom teacher, principal, and/or district personnel.

Each identified inappropriate behavior or type of offense is followed by a description of administrative options for disciplinary consequences, which may be imposed. Olathe Public Schools staff will use their professional judgment in determining which disciplinary action will be most effective in dealing with the student's inappropriate behavior; considering the student's age and maturity, the nature and seriousness of the infraction, the student's previous disciplinary record, and any other relevant factors.

Each principal has the authority to use discretion and common sense as he/she enforces the Code of Student Conduct. The principal also has a responsibility, however, to impose an appropriate level of consequence for clear violations of the *Code of Student Conduct*. Additionally, the principal is authorized to apply a higher level of consequence for serious violations of the *Code of Student Conduct* even if it is a student's first offense. The Safe Schools for All policy, JCAC, and Kansas Statutes require that district officials report all crimes committed on school property in accordance with the current Memorandum of Understanding with local law enforcement. The principal also will implement the Athletic/Activities Substance Abuse Policy adopted by the Olathe Board of Education in July, 2000, and updated in September 2020. A copy of the policy is available at secondary schools.

Parents or guardians are our most important partner in our work with students and parents/guardians will be contacted for all repeated Class I and all Class II, III and IV offenses.

The disciplinary consequences apply to all students consistent with Kansas statutes, K.S.A. § 72-6114, et seq. A student who is recommended for suspension of more than ten days (10) or an expulsion from school is eligible for procedural due process. Specific procedures for applying disciplinary consequences for students with identified disabilities are implemented in accordance with State and Federal regulations.

A student considered for a suspension of less than ten (10) days shall be advised verbally or in writing of the nature of the alleged offense and the evidence, and provided an opportunity to share their version of the events. Parents will be notified regarding the rule violation, evidence, and subsequent consequences based on the *Code of Student Conduct*. An appeal of a suspension of less than ten (10) days can only be made to the school principal, and the decision to grant or deny such an appeal is at the principal's discretion. There is not a district-level procedural due process for suspensions of less than ten (10) days.

SCOPE OF AUTHORITY

The provisions of this Code apply in all situations in which students are involved, including conduct occurring:

- 1) On Olathe Public Schools property.
- 2) On district approved and/or provided transportation and at bus stops.
- 3) At off-site school sponsored activities.
- 4) Off school property which is the result or cause of disruptive behavior on school grounds or behavior which poses a threat to the safety of students, staff or the learning environment.
- 5) **On or off school property via the usage of electronic communication (including but not limited to social media) which substantially disrupts the orderly operation of the school or targets individual students or staff.**

GENERAL NOTE:

The *Code of Student Conduct* applies at all times while students are on or about school district property or areas adjacent thereto, which shall include: any district property being used for an official school activity, property not owned by the district being used for an official school activity, property not owned by the district being used for any school-sponsored activities or events and any vehicle, including school buses, while such vehicle is being used to transport students for the district. Upon receipt of the report, the law enforcement agency shall investigate the matter and give written notice to the division of vehicles of the department of revenue of the act committed by the pupil. The notice shall be given to the division of vehicles by the law enforcement agency within three days, excluding holidays and weekends, after receipt of the report and shall include the pupil's name, address, date of birth, driver's license number, if available, and a description of the act committed by the pupil.

72-6114. Grounds for suspension or expulsion; who may suspend or expel.

The board of education of any school district may suspend or expel, or by regulation authorize any certificated employee or committee of certificated employees to suspend or expel, any pupil guilty of any of the following:

- (a) Willful violation of any published regulation for student conduct adopted or approved by the board of education;
- (b) conduct which substantially disrupts, impedes or interferes with the operation of any public school;
- (c) conduct which endangers the safety of others or which substantially impinges upon or invades the rights of others at school, on school property, or at a school supervised activity;
- (d) conduct which, if the pupil is an adult, constitutes the commission of a felony or, if the pupil is a juvenile, would constitute the commission of a felony if committed by an adult;
- (e) conduct at school, on school property, or at a school supervised activity which, if the pupil is an adult, constitutes the commission of a misdemeanor or, if the pupil is a juvenile, would constitute the commission of a misdemeanor if committed by an adult; or
- (f) disobedience of an order of a teacher, peace officer, school security officer or other school authority when such disobedience can reasonably be anticipated to result in disorder, disruption or interference with the operation of any public school or substantial and material impingement upon or invasion of the rights of others.

History: L. 1970, ch. 300, § 1; L. 1994, ch. 307, § 1.

72-6115. Duration of suspension or expulsion; notice; hearings, opportunity afforded, waiver, time, who may conduct.

(a) A suspension may be for a short term not exceeding 10 school days, or for an extended term not exceeding 90 school days. An expulsion may be for a term not exceeding 186 school days. If a suspension or expulsion is for a term exceeding the number of school days remaining in the school year, any remaining part of the term of the suspension or expulsion may be applied to the succeeding school year.

(b) (1) Except as authorized in provision (2), no suspension for a short term shall be imposed upon a pupil without giving the pupil notice of the charges and affording the pupil an opportunity for a hearing thereon. The notice may be oral or written and the hearing may be held immediately after the notice is given. The hearing may be conducted informally but shall include the following procedural due process requirements: (A) The right of the pupil to be present at the hearing; (B) the right of the pupil to be informed of the charges; (C) the right of the pupil to be informed of the basis for the accusation; and (D) the right of the pupil to make statements in defense or mitigation of the charges or accusations. Refusal of a pupil to be present at the

hearing will constitute a waiver of the pupil's opportunity for a hearing.

- (2) A short-term suspension may be imposed upon a pupil forthwith, and without affording the pupil a hearing if the presence of the pupil endangers other persons or property or substantially disrupts, impedes or interferes with the operation of the school.
- (c) A written notice of any short-term suspension and the reason therefor shall be given to the pupil involved and to the pupil's parent or guardian within 24 hours after the suspension has been imposed and, in the event the pupil has not been afforded a hearing prior to any short-term suspension, an opportunity for an informal hearing shall be afforded the pupil as soon thereafter as practicable but in no event later than 72 hours after such short-term suspension has been imposed. Any notice of the imposition of a short-term suspension that provides an opportunity for an informal hearing after such suspension has been imposed shall state that failure of the pupil to attend the hearing will result in a waiver of the pupil's opportunity for the hearing.
- (d) No suspension for an extended term and no expulsion shall be imposed upon a pupil until an opportunity for a formal hearing thereon is afforded the pupil. A written notice of any proposal to suspend for an extended term or to expel from school, and the charges upon which the proposal is based shall be given to the pupil proposed to be suspended or expelled from school, and to the pupil's parent or guardian. Any notice of a proposal to suspend for an extended term or to expel from school shall state the time, date and place that the pupil will be afforded an opportunity for a formal hearing, and that failure of the pupil and the pupil's parent or guardian to attend the hearing will result in a waiver of the pupil's opportunity for the hearing. The hearing shall be held not later than 10 days after the date of the notice. The notice shall be accompanied by a copy of this act and the regulations of the board of education adopted under K.S.A. 72-6116, and amendments thereto.
- (e) Whenever any written notice is required under this act to be given to a pupil or to a pupil's parent or guardian, it shall be sufficient if the notice is mailed to the address on file in the school records of the pupil. In lieu of mailing the written notice, the notice may be personally delivered.
- (f) A formal hearing on a suspension or expulsion may be conducted by any person or committee of persons authorized by the board of education to conduct the hearing.

History: L. 1970, ch. 300, § 2; L. 1971, ch. 247, § 1; L. 1973, ch. 304, § 1; L. 1977, ch. 260, § 1; L. 1982, ch. 303, § 1; L. 1994, ch. 307, § 2; L. 1995, ch. 142, § 1; L. 1999, ch. 116, § 38; L. 2000, ch. 138, § 7; July 1.

72-6116. Procedural due process requirements; record of appeal, costs; report of findings and result of hearing; information regarding behavior improvement programs.

- (a) The formal hearing provided for in K.S.A. 72-6115, and amendments thereto, shall be conducted in accordance with regulations relating thereto adopted by the board of education. Such regulations shall afford procedural due process including, but not limited to, the following:
 1. the right of the pupil to have counsel of the pupil's own choice present and to receive the advice of such counsel or other person whom the pupil may select;
 2. the right of the parents or guardians of the pupil to be present at the hearing;
 3. the right of the pupil and the pupil's counsel or advisor to hear or read a full report of testimony of witnesses against the pupil;

4. the right of the pupil and the pupil's counsel to confront and cross-examine witnesses who appear in person at the hearing, either voluntarily or as a result of the issuance of a subpoena;
 5. the right of the pupil to present the pupil's own witnesses in person or their testimony by affidavit;
 6. the right of the pupil to testify in the pupil's own behalf and give reasons for the pupil's conduct;
 7. the right of the pupil to have an orderly hearing; and
 8. the right of the pupil to a fair and impartial decision based on substantial evidence.
- (b) In all extended-term suspension and expulsion from school cases, there shall be made a record of the hearing of an appeal of the suspension or expulsion, whichever is applicable, by mechanical or electronic recording or by an official court reporter, and the costs thereof shall be paid by the school district.
- (c) At the conclusion of a formal hearing which results in a suspension for an extended term or an expulsion, the person or committee conducting the hearing shall make a written report of the findings and results of the hearing. The report shall be directed to the board of education of the school district and shall be open to the inspection of the pupil who is suspended or expelled and, if the pupil is a juvenile, to the parents or guardians and counsel or other advisor of the pupil. If the pupil is an adult, the report shall be open to the inspection of the parents or guardians and counsel or other advisor of the pupil only upon written consent of the pupil. Whenever a formal hearing results in suspension for an extended term or expulsion, the person or committee conducting the hearing may make a finding that return to school by the pupil, pending appeal or during the period allowed for notice of appeal, is not reasonably anticipated to endanger the safety of others, to cause continuing repeated material disorder, disruption or interference with the operation of school, or to substantially or materially impinge upon or invade the rights of others, in which case the pupil may return to school until the period for filing a notice of appeal has expired with no notice filed, or until the determination of any appeal if a notice of appeal is filed. Whenever the person or committee conducting a hearing fails to make the findings specified above, the report of the hearing shall provide that the suspension or expulsion of the pupil shall continue until appeal therefrom is determined or until the period of suspension or expulsion has expired, whichever occurs sooner. Any such pupil shall be provided with information concerning services or programs offered by public and private agencies that work toward improving those aspects of the pupil's attitudes and behavior that contributed to the conduct upon which the suspension or expulsion was based. If the pupil is a juvenile, the information shall also be provided to the parents or guardians of the pupil.

- a) Written notice of the result of any hearing imposing an extended-term suspension or an expulsion from school shall be given to the pupil suspended or expelled from school, and to the parents or guardians of the pupil within 24 hours after determination of such result.

- b) Any pupil age 18 or older, who has been suspended for an extended term or expelled, or one of the pupil's parents or guardians of a pupil under age 18, may appeal such suspension or expulsion to the board of education of the school district by filing a written notice of appeal with the clerk of the board of education not later than 10 calendar days after receiving the written notice. Any such appeal shall be heard by the board of education, or by a hearing officer appointed by such board, not later than 20 calendar days after such notice of appeal is filed. The pupil and the pupil's parents or guardians shall be notified in writing of the time and place of the appeal hearing at least five days prior thereto. Such appeal shall be conducted under rules which are consonant with K.S.A. 72-6116, and amendments thereto. Except as provided by subsection (c), the decision on any such appeal shall be rendered not later than five days after the conclusion of the appeal hearing.
- c) For the purpose of hearing an appeal of an extended-term suspension or an expulsion, the board of education may appoint one or more hearing officers. Any such hearing officer shall be a member of the board of education, a certificated employee of the school district, or an attorney admitted to the practice of law in this state. Any such appointment shall apply to a particular hearing or to a set or class of hearings as specified by the board of education in making the appointment. Whenever a hearing officer appointed under authority of this section hears any appeal, the hearing officer shall prepare a written report thereon to the board of education. After receiving any such report, the board of education shall determine the matter with or without additional hearing. If a hearing officer is appointed to hear an appeal, the board shall render its decision not later than the next regularly-scheduled meeting of the board following the date of the conclusion of the hearing of the appeal by the hearing officer. Any matter determined by the board of education in accordance with this subsection shall be valid to the same extent as if the matter were fully heard by the board of education without a hearing officer.

INTRODUCTION TO SAFE AND DRUG-FREE SCHOOLS

In the Olathe Public Schools, we are committed to providing “a safe environment where all students acquire skills, knowledge, abilities, and behaviors necessary to be productive citizens in an ever-changing world.” This mission statement of the district speaks to the importance of a safe and drug-free learning environment. Research indicates that parents, grandparents, elders, foster-parents, teachers, youth leaders, coaches, church leaders and others play a major role in keeping young people from using alcohol, tobacco, and other illicit drugs. The following pages contain a parent guide to warning signs and symptoms of drug use and a community resource guide.

The Safe and Drug - Free Schools Program supports many exciting components designed to promote a healthy drug-free life style for youth of our community. Clear no-use standards as well as healthy no-use beliefs regarding alcohol, tobacco and other drugs are critical to maximize learning for all students. Our efforts focus on school, student, parent and community initiatives, including prevention, intervention and positive youth development programming. We believe these multi-faceted strategies seek to promote and insure a safe and drug-free school environment in Olathe.

For further information, please contact the District's facilitator of the Safe and Drug-Free Schools programs.

SIGNS AND SYMPTOMS OF TEEN DRINKING AND DRUG USE

It is difficult because changes in mood or attitudes, unusual temper outbursts, changes in sleeping habits and changes in hobbies or other interests are common in teens. However, watch for the following warning signs:

- Changes in friends.
- Negative changes in schoolwork, missing school, or declining grades.
- Increased secrecy about possessions or activities.
- Use of incense, room deodorant, or perfume to hide smoke or chemical odors.
- Subtle changes in conversations with friends, e.g. more secretive, using "coded" language.
- Change in clothing choices: new fascination with clothes that highlight drug use.
- Increase in borrowing money.
- Evidence of drug paraphernalia such as pipes, rolling papers, etc.
- Evidence of use of inhalant products (such as hairspray, nail polish, correction fluid, common household products); Rags and paper bags are sometimes used as accessories.
- Bottles of eye drops, which may be used to mask bloodshot eyes or dilated pupils.
- New use of mouthwash or breath mints to cover up the smell of alcohol.
- Missing prescription drugs—especially narcotics and mood stabilizers.
- Signs of depression, withdrawal, carelessness with grooming or hostility. Parents are the most important influence in a teen's decision about drug or alcohol use. **You CAN and DO make a difference!**

The Board of Education encourages all employees to utilize other behavioral

management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies. This policy is made available on the District's website with links to the policy available on individual school homepages. - "Time-out" means a behavioral intervention in which a student is temporarily removed from a learning activity without being secluded.

Prohibited Types of Restraint

All staff members are prohibited from engaging in the following actions with all students:

- Using face-down (prone) physical restraint;
- Using face-up (supine) physical restraint;
- Using physical restraint that obstructs the student's airway;
- Using physical restraint that impacts a student's primary mode of communication;
- Using chemical restraint, except as prescribed treatments for a student's medical or psychiatric condition by a person appropriately licensed to issue such treatments; and

 - o Any device used by a certified law enforcement officer to carry out law enforcement duties; or
 - o Seatbelts and other safety equipment when used to secure students during transportation.

Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to effect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student's behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment, or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

ESI Restrictions

A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition must be indicated in a written statement from the student's licensed health care provider, a copy of which has been provided to the school and placed in the student's file.

Such written statement shall include an explanation of the student's diagnosis, a list of any reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. Notwithstanding the provisions of this subsection, a student may be subjected to ESI, if not subjecting the student to ESI would result in significant physical harm to the student or others.

Use of Seclusion

When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

Notification and Documentation

The principal or designee shall notify the parent the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include: (A) the events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (D) the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI; (E) space of an additional form for parents to provide feedback or comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESIs is the same.

The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

Law Enforcement, School Resource, and Campus Security Officers

Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parents the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

Documentation of ESI Incidents

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,
- Whether the student had a section 504 plan at the time of the incident, and whether the student had a behavior intervention plan at the time of the incident.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a bi-annual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the State Department of Education as required.

Parent Right to Meeting on ESI Use

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a Section 504 plan, such student's IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence.

For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such meeting.

For a student without an IEP or Section 504 plan, the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

Local Dispute Resolution Process

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the State Department of Education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings and recommended action to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt a report containing written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be mailed to the parents and the state department within 30 days of the board's receipt of the formal complaint.

If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.
