A Message from the Superintendent

Dear Friends,

Welcome to the 2019-2020 school year. The beginning of the year is an exciting time not only for students and families, but for our district staff as well. Each fall is an opportunity for students to learn and grow.

Our staff commits themselves to providing students a safe, positive learning environment which enables education to thrive. Our commitment also extends to the families of our students and to our community where we eagerly work to spread word of the successes of our students and staff members. We will always do what it takes to prepare students for their future.

This Parent Guide document is designed to be a helpful resource for your family and to serve as an informational tool. Please visit our district website (www.olatheschools.org) or school website for more information.

Together, we can enrich student education and prepare them for future success. We look forward to working collaboratively to provide a quality education.

John Allison, Superintendent

The district calendar is available online, provided with end-of-year report cards, and available at enrollment.
Meet the Board of Education!

District’s Portrait of a Graduate Provides Focus and Direction

During the 2018-19 school year, the district embarked on a process to define the Portrait of a Graduate. What do we want our students to know and be able to do? This development process involved a sustained conversation leading to shared agreement focused on a unique community-owned picture of what graduates need for success. Representatives included communities of faith, business, higher education, community members at large, social service agencies, district leaders, school leaders, families, teachers and students. Through this inclusive process, the Portrait of a Graduate encompasses the community’s collective vision for our students. This process was branded #theirfuture2032, as 2032 is when our 2019 incoming kindergartners will graduate from high school.

The competencies included in the district’s Portrait of a Graduate include: Critical Thinking and Problem Solving; Creativity and Innovation; Initiative and Self Direction; Resilience and Social and Emotional Wellbeing; Communication; and Social and Cross-Cultural Skills.

The competencies identified in the Portrait of a Graduate will drive the creation of an updated District Strategic Plan which will encapsulate the competencies and drive our future work as a district and as a community.

During the 2019-20 school year, district leadership and Board of Education will work to establish the new Strategic Plan that will help guide the district in the years to come to help students achieve the competencies of the Portrait of a Graduate.

Our vision: Students Prepared for Their Future
Activities and Athletics

A variety of opportunities are available for students with specific information on each school’s website.

Boundaries

Legal Residence
The residence of all students is defined as the legal residence of the parent, legal guardian, or person acting in the capacity of a parent where the student resides the majority of the time. In situations involving shared custody the legal residence will be the residence of the primary custodial parent. Call (913) 780-7000 with questions regarding residency.

Maps and Online Information
Boundary maps are published annually and available at the district Education Center, 14160 S. Black Bob Road, (913) 780-7000, and on the district website (www.olatheschools.org). Anyone having a question about the assignment of a particular area should call General Administration (780-7000).

The district also provides, through a collaborative effort with Johnson County, an interactive map. Patrons can enter their home address to view their elementary, middle school and high school attendance boundaries. (AIMS School Locator on the district website)

Moving out of the District
Pupils who move from the district during the school year are considered non-resident and must apply for permission to finish the school year only. Board of Education policy does allow students in grades 11 and 12 to complete their high school years at the high school facility they are currently attending.

School Attendance Areas
The Board of Education has established attendance boundaries for each elementary, middle school and high school. Boundary adjustments are approved by the Board of Education to provide the best pupil-teacher ratio and to make optimum use of district school facilities.

Transfers
Students residing within the attendance area of a school shall attend that school. However, a student may be permitted to transfer outside of his or her attendance area only for exceptional circumstances and highly justifiable reasons.

Applications for transfer can be obtained from your home school and submitted to the principal of the sending school for consideration and recommendation. No school district transportation will be provided.
Bus Transportation

• Bus service is provided at no cost for students living 2.5 miles or more from their school, 21st Century Academies students who attend a program outside of their normal home school boundary and ELL students who attend a school outside of their normal school boundary to receive ELL instructional services.
• Bus service may be available on a pay basis for students who live less than 2.5 miles from school. Bus service is provided on a first-come, first-serve, space-available basis.
• Annual bus registration is required for all students who plan to ride a general education bus.
• It is not necessary to register students who will be attending an ELL program outside of their normal home school boundary. Transportation for these students is arranged by district staff.
• Students are to ride the bus to which they have been assigned. Students will only be allowed off the bus at their assigned bus stop. Door-to-door service will not be provided. Students will be required to walk to designated bus stops which are primarily located near corners centrally located within neighborhoods.
• All students riding the bus must comply with the requests of the driver, and the Student Code of Conduct will apply at all times. School transportation is a privilege that may be withdrawn for inappropriate behavior.
• For more information on transportation services as well as the registration process, please visit the district website at www.olatheschools.org/transportation.
• Bus service is provided by First Student, Inc. Call First Student at (913) 782-1050 for more information.

Cancellation of Schools

If school is cancelled due to snow or bad weather, information will be available in these ways:
• Local television and radio stations
• District website — www.olatheschools.org
• Push notification on district mobile app
• Facebook — go to “Olathe Public Schools”
• Twitter — @olatheschools

If Bad Weather Occurs During the School Day

If school is in session, regular dismissal time will be observed rather than dismissing school early. We must be mindful of such safety issues as transportation, particularly for those students who normally ride the bus or are driven to and from school; lack of supervision at home because of an unscheduled dismissal; and the uncertainty of sending children away from a protected school environment and out into hazardous weather conditions.
Enrollment

Residence
Only students residing in the Olathe School District are eligible for enrollment.

Age Requirements
The requirement for a child’s first enrollment in a Kansas school is governed by state law and the school district cannot exercise any deviations from the law. In essence the law provides:
• A child must be 5 years of age on or before August 31 of the current year to enter kindergarten.
• A child must be 6 years of age on or before August 31 of the current year to enter the first grade.

Entrance Requirements
• All students entering Kansas schools must follow Kansas laws for immunizations and inoculations.
• Physical examinations are required for all pupils admitted to early childhood programs and kindergarten, as well as for grade 6-12 students participating in sports.
• Students enrolled in Olathe Public Schools are required to pay an instructional materials fee and other fees as adopted and approved annually by the Board of Education. Student fees may be reduced or waived for students who qualify based on financial need. The instructional materials fee is assessed to partially offset the cost of consumable materials (worksheets, art supplies, etc.) that are used by students throughout the school year.

Eligibility Requirements
Whenever a child is enrolled in an Olathe district school for the first time, the parent/guardian is required to provide proof of the child’s identity. “Proof of Identity” is defined for different grade levels.

A child enrolling in kindergarten or first grade:
• A certified copy of the birth certificate of the child, or
• As an alternative for the child in the custody of the Secretary of Social and Rehabilitation Services, a certified copy of the court order placing the child in the custody of the secretary.
• In the absence of a certified copy of birth certificate for the child in kindergarten or first grade, any document which reasonably tends to establish the age of the child will be accepted as temporary proof of identity.

A student enrolling in grades 2-12:
• A certified copy of birth certificate of child, or
• A certified transcript of school records, or
• Actual school records from sending school, or
• A hospital birth certificate.

NOTE: If proof of identity is not presented to the school district within 30 days after enrollment, written notice will be given immediately to a law enforcement agency having jurisdiction within the home county of the school. Upon receipt of the written notice, the law enforcement agency shall conduct an investigation to determine the identity of the child.

Textbooks and Library Books
Textbooks and library books are loaned to students for their use during the school year. Books are to be kept clean and handled carefully. A fee will be charged for lost or abused books.

Volunteers
Parent volunteers are welcome and vital to the success of our schools. Please see the school office for overview notecard with procedures and guiding principles.
Health Services

The district's health policies and procedures have been developed with a focus on safety. We also believe that health and education go hand-in-hand. At each school, Registered Professional Nurses promote health and safety through the following activities:

- Identifying health needs/coordinating care;
- Implementing communicable disease control including maintaining immunization records;
- Caring for ill or injured, which may include calling 911;
- Performing nursing procedures, including medication administration, catheterization, gastronomy feeding, and tracheostomy care;
- Conducting health screenings – vision (grades PK, K, 2, 4, 6, 8, 9, 11), hearing (grades PK-2, 5, 8, 11), and height/weight screening in cooperation with physical education teachers;
- Serving as a liaison between the home, school and community.

Parental cooperation, working with the school to foster good health, is needed in order to provide these services. Specifically, parents should:

- Keep students home when ill until symptom-free for 24 hours or until the period of communicability has passed. Report communicable illness to your school nurse. For specific exclusion and return criteria, call your school nurse.
- Send students to school ready to participate in physical education class and recess. Note: the school nurse may authorize keeping a student inside and/or excused from physical education class for up to two days when the student’s physical condition appears to warrant this action. Additional consecutive days require a physician or dentist note.
- Provide immunization records prior to first entry into the district and updated records, as needed, to maintain state requirements for school attendance.
- Abide by medication policies, realizing that unnecessary medication administration at school is strongly discouraged due to potential side effects and safety concerns.

Medication Policy for Elementary Students

- All student medications, including over-the-counter, must be administered through the health room under the supervision of the school nurse and are to be sent to school in the original container labeled with the student’s name.
- All medications, including over-the-counter, require a doctor’s note and parent’s authorization updated annually.
- Two exceptions exist to the above policy:
  - Health room stock of acetaminophen, ibuprofen, Tums, and diphenhydramine (Benadryl) may be sparingly administered by the school nurse upon annual parent written authorization.
  - Students in kindergarten through fifth grade with asthma or allergies may carry and self-administer emergency medication. The self-administration policy requires written parent and physician signature specifying name and purpose of medication, prescribed dosage, conditions under which the medication is to be self-administered and verification that the student has been instructed in self-administration, etc.

Medication Policy for Middle School and High School

The middle school and high school medication policy varies slightly from the elementary school policy and encourages increased responsibility.

1. All prescribed medications should be brought to the school nurse’s attention.
2. Many medications prescribed for attention deficit disorder and emotional problems, including depression, are controlled substances. Controlled substances require a doctor’s note and parent’s authorization and must be secured in and dispensed from the health room under the supervision of the school nurse.
3. Students in sixth through 12th grades with diagnosis of asthma or severe allergies may carry and self-administer emergency medication. Kansas law states that this self-administration policy require written parent and physician signature specifying the name and purpose of medication, prescribed dosage, conditions under which the medication is to be self-administered and verification that the student has been instructed in self-administration, etc.
4. Antibiotics and other non-controlled prescription medications can be carried and self-administered by the student at the nurse’s discretion. Medication must be in the original prescription bottle.
5. Over-the-counter medications (Tylenol, ibuprofen, cough drops, etc.) may be carried and self-administered by students without written parent and/or physician signature. A limited supply of over-the-counter medications is available from the health room with parent permission.
6. In addition, these general rules apply:
   - All medication is to be carried in its original container.
   - At no time should a student give medication to another student.
   - The principal may revoke the self-medication privilege of any student found to be in violation of the policy.

Wellness Policy

The Olathe School District has developed a Wellness Policy to promote healthy nutrition and physical activity choices for students, families and staff. Information about the Wellness Policy is available on the district website, or you may request a copy by contacting the district Education Center, (913) 780-7000.

Other Student Health Information

Additional information regarding health policies including access to forms (e.g. medication forms) can be found on the district website. Click on Parents, then Health.
Safety & Security

Positive and Safe Learning Environment
Student, staff and visitor safety is of the highest priority to the Olathe Public Schools. A safe schools culture is achieved by promoting trusted positive relationships, providing clear expectations, and supporting students in the intentional development of character and leadership. The district uses a best practice approach to maintain protocols and programs to help maintain a positive and safe atmosphere for everyone.

Code of Student Conduct
The Olathe Public Schools believes in accountability and a positive approach to student behavioral issues. The Code of Student Conduct (COSC) defines behavioral expectations essential to an effective and safe school. Potential consequences for violations of the code are contained in the booklet as well. The COSC contains information on the weapons policy, Kansas School Safety and Security Act, Safe and Drug-Free Schools Act, and policies related to bullying. The booklet is available annually to each student and family and contains valuable information on student rights and responsibilities. The COSC is accessible on the Olathe Public Schools website.

Multi-Tiered Approach
The district employs a multi-tiered strategy to prevent, prepare, respond and recover from the multiple hazards potentially affecting our school community. This balanced approach is designed to build skills and confidence in support of our safe and prepared schools emphasis.

- Manager of Safety and Security
- Public Safety and other Community Partnerships
- Crisis Management Teams
- Crisis Response Planning and Communications
- A.L.I.C.E. Protocol
- School Resource Officer Program (SRO)
- Keyless Access Control Systems
- CCTV Cameras
- Secure Entrance/Buzzer Systems
- Bus Safety Programs
- Bullying Prevention Programs

Safety Preparedness
A variety of safety drills and exercises are conducted regularly in our schools. The purpose of these exercises is to give students and staff the knowledge and confidence to be prepared in the event an emergency occurs. These processes and practices are important components of our safe and prepared schools emphasis.

SEE SOMETHING, SAY SOMETHING - Anonymous Reporting
The district provides several ways to anonymously report behaviors and/or circumstances negatively affecting the safety and security of our schools. Report all safety and security concerns or rumors to your school administrator or SRO immediately. Use the district’s app to provide an anonymous TIP or leave a message on the district’s SAFE SCHOOLS TIPLINE: 913-780-7777. The Kansas Department of Education, in cooperation with the Kansas Highway Patrol, operates a toll free 24-hours per day, 365 days per year, SCHOOL SAFETY HOTLINE: 1-877-626-8203 for students, parents, and community members.

80 percent of students in grades 5-12 are involved in one or more activity or athletic opportunity.
Student Insurance

Olathe Public Schools provides student injury or accident insurance for all students in the district. This coverage is secondary to the parents’ health insurance and applies to incidents arising while participating in a school-sponsored and school-supervised activity/event, or while traveling directly to or from a residence to school (except traveling by two- or three-wheel motor vehicle) within policy limits. Accident claim forms are available in each school office.

Directory Information

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age certain rights with respect to the student’s education records. See “Opt Out of Directory Information” below. More detailed information about FERPA may be found on the U.S. Department of Education’s website and at the end of this handbook.

Release of Student Information

The following information is designated as directory information by the school district:

- Name
- Address
- Telephone listing
- Email address
- Date and place of birth
- Major field of study
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Dates of attendance
- Degrees and awards received
- Most recent previous educational agency or institution attended by the student

Directory information may be released without prior parental consent unless a parent elects to opt out (see below).

Opt Out of Directory Information

If a parent believes that student directory information (listed in section above) should not be released without prior consent, PLEASE NOTIFY YOUR SCHOOL PRINCIPAL WITHIN 10 DAYS of the beginning of the school year or within 10 days of enrollment. Online registration also provides an opportunity to opt out of directory information. Notification will be given whenever educational records are transferred to another educational institution or released by court order. A copy of the records transferred or released may be requested at a charge of the school’s cost.

Opt Out of Other Student Information, Photos

Parents must also notify the school office if they elect to opt out of the following categories: photo/video release, military recruitment (juniors/seniors), and public display of student work. Parents with questions related to opting out or wishing to opt out of any of these categories should contact the school principal within 10 days of the beginning of the school year or within 10 days of enrollment. Opting out is also available via online registration.

The school principal or designee will keep a list of all outside persons or agencies that have accessed a student’s records and the reasons for access. When a student becomes 18 years of age or is attending a post-secondary institution, all rights accorded to the parents will be accorded to the student.

Emergency Information/Address and Phone Changes

Please notify the school office immediately of address and telephone changes. This is important for the school to handle emergencies, maintain communication, and keep student records current. It is extremely important that every child maintain an up-to-date address and telephone number record at the school office.

Emergency numbers (adults who pick up a child in case of a parent’s absence) are also important. We will contact the parent or designated adult in cases of serious illness or other emergencies. This information can be updated as part of the annual online registration process.
Family Education Rights and Privacy Act (FERPA)

Annual Notice to Parents, Guardians and Eligible Students

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. The information contained in this notice details your rights and fulfills the annual notification requirements of FERPA. As used throughout this notice the term “parent” shall include natural or adoptive parents, guardians or a person acting as a parent in the absence of a parent or guardian.

The school district maintains the following types of records on students:

- Personal data information
- Medical and health information
- School grades
- Transcripts from previous schools attended
- Date of school entry and withdrawal
- Results of schoolwide tests
- School activities
- Counselor and teacher observation reports
- Special Education records for eligible students
- School disciplinary records

Student Records

The records of currently enrolled students are in the custody of the school principal. Records of students who have left the Olathe School District are maintained by the Student Services department at the Education Center. Records will be reviewed annually and records not needed for administrative purposes may be destroyed. Only information that is current, accurate and appropriate will be kept. Special Education records are maintained by the Special Services department located at the Instructional Resource Center.

FERPA generally requires prior written parental consent before a school may release personally identifiable “educational records” maintained by the school district. However, prior written consent is not required for disclosures:

- of directory information as designated by the Olathe School District
- to school officials (or representatives) of the Olathe School District with a legitimate educational interest in viewing the record
- to officials of other schools where the student seeks to enroll
- in connection with financial aid for which the student has applied or received
- to institutions or organizations in connection with studies on behalf of the school district related to administering predictive tests, student aid programs or improving instruction
- made in connection with a health or safety emergency
- to authorized representatives of state/local/federal agencies in connection with audit or evaluation of federal or state supported programs
- made to comply with a judicial order or subpoena (parental notification generally required)
- to accrediting organizations to the extent required to perform accrediting functions
- other entities/individuals as allowed by law

Accessing Educational Records

Parents have the right to inspect and review their student’s education records within 45 days of the day the school receives a request for access.

Parents or eligible students should submit to the school principal or Student Services a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

Amending Educational Records

Parents have the right to request the amendment of their student’s education records if the parent or eligible student believes they are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend a record should write the school principal or General Administration level director, clearly identifying the part of the record they want changed, and specifying why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school official will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

FERPA Complaint Procedure

Parents have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5920
