

Middle School Readiness Camp

Is your child starting at Frontier Trail Middle School next year? Are you interested in calming their nerves and helping them with a smooth transition? Come to **Middle School Readiness Camp** at FT this summer!

Lori White, School Social Worker at Frontier Trail, will be one of the hosts for camp this summer. Lori has worked in the Olathe School District for 19 years. Becky Howard, Speech/Language Pathologist, at Frontier Trail, will be one of the hosts for camp and has been in the district for 27 years and is also one of the girls' basketball coaches at FT.

At camp, students will make connections with other kids while making sure they feel comfortable finding their way around the school. They will walk mock schedules, learn how to open PE lockers, tour the school, talk through elective class options, discuss the lunch process, get some tips to stay organized, and familiarize themselves with FT.

*This does not replace the opportunity all in-coming 6th graders will have prior to the start of school to come in and walk their schedules and familiarize themselves with the building.
