

****IMPORTANT NOTICE OF CHANGE IN STATE IMMUNIZATION REQUIREMENTS FOR NEXT YEAR****

Due to ongoing research into the effectiveness of immunizations against vaccine-preventable diseases, the following provisional **changes have been made to immunization requirements (K.A.R. 28-1-20) for the 2019-2020 school year** to support the health of your child and of our school community:

- **Meningococcal (A,C,W,Y):** One dose required for students entering **7th grade** (11-12 yo). Second dose will be required for ***11th grade students who are age 16+** to complete the two-dose series.

*Students entering 11th grade should not receive Meningococcal vaccine prior to 16th birthday.

See ParentVUE, under Health Tab, for current school immunization record.
