Understanding your ACT ASPIRE Results

1. Where do you stand right now?
   * ASPIRE will show your strengths and weaknesses

2. How can I make goals for the future?
   * The scores you received on ASPIRE can help you decide your next moves

3. Am I on target for High School, College, and Career?
   * Your ASPIRE score references College and Career Readiness
What Your Scores Mean

• For each subject area you took, you will see a three-digit score (reading/math/science)

• ACT takes the number of questions you got right and translates that into a number.

• Your score for each subject area will fall into one of three levels:
  – Ready
  – Close
  – In Need of Support
What The Levels Mean

• **READY** - Students in the Ready category have met the ACT Readiness Benchmark and are on target for 50% or higher likelihood of college course success by grade 11
  – Next Steps – Keep doing what you are doing!

• **CLOSE** - Students in the Close category scored below but near the ACT Readiness Benchmark
  – Next Steps – Push yourself in your current course work, pay attention for ACT Prep activities in your classes, think about next year’s enrollment.

• **IN NEED OF SUPPORT** - Students in the In Need of Support category performed substantially below the ACT Readiness Benchmark
  – Consider an ACT Prep Classes before you take the actual ACT
