

# 2025–2026 QUICK STEP PLUS COLLEGE ALGEBRA ENROLLMENT GUIDE FOR HIGH SCHOOL STUDENTS

QSPCA is an independent study self-paced course, not a College Now course. Your college grade is determined by assessment of the course material by a JCCC professor. (This may be a different grade from the high school grade.) To earn college credit, complete the steps below.

**1. APPLY** for admission once by going to [admissions.jccc.edu](https://admissions.jccc.edu) to start your application. To ensure your eligibility to enroll before the deadline, apply no later than the priority date listed on the calendar in this publication. When your application is processed, you will receive an email that includes your JCCC ID number and login information.

**2. PLACEMENT** into a College Algebra class. You can place into College Algebra if you have one of the following:

- a grade of “B-” or higher in the second semester of a high school course identified as equivalent to or higher than Algebra II or Integrated Math 3 and a high school unweighted GPA of 3.25 or higher
- an ACT math score of 22 or higher
- an ACT math score of 20 or 21 **and** a high school unweighted GPA of 3.25 or higher
- an ALEKS PPL assessment score of 46 or higher
- an ALEKS PPL assessment score of 42 **and** a high school unweighted GPA of 3.25 or higher

Go to [jccc.edu/QuickStepPlus](https://jccc.edu/QuickStepPlus) to upload your high school transcript and/or ACT score report or Schedule Placement Test if you need to take the ALEKS PPL assessment with JCCC Testing Services.
