

ONW ENGINEERING ACADEMY

EXPLORING ENGINEERING CAMP

Join us for a great week filled with NEW hands-on science and engineering at Olathe Northwest. Challenges provide campers with exposure to fields of engineering such as civil, structural, chemical, and mechanical. Each camper will receive a t-shirt and daily snacks.

DISCOVERING ROBOTICS CAMP

In Discovering Robotics, campers will apply brainstorming, building, programming, and teamwork skills. Through NEW FLL inspired activities, students will use the LEGO MINDSTORMS robots to solve a variety of missions. Each camper will receive a t-shirt and daily snacks.

MIDDLE SCHOOL WEEK

June 3rd - 6th (Completed Grades 5th-8th)

Morning Session 8AM - 11AM

Afternoon Session 12PM - 3PM

ELEMENTARY SCHOOL WEEK

June 10th - 13th (Completed Grades 2nd - 5th)

Morning Session 8AM - 11AM

Afternoon Session 12PM - 3PM

*5th Graders can choose either week; Middle School Week will be more advanced.

COST: \$130 Per Camp

Sign up for both Explore Engineering and Discovering Robotics for \$240 and save \$20!

Remember, space is limited, so sign up online soon!

HOW TO REGISTER

Middle School Participants

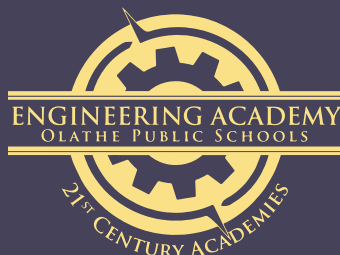

Elementary School Participants

Print and fill out waiver
