

Student Name _____

School _____

Complete 24 of the activities shown below, turn in your completed form to your school in August, and receive a prize!

Cross off each activity as you complete it.

<p>Read and retell a favorite book to a family member.</p> 	<p>Count all the mirrors, clocks, and TVs in your house. How many are there altogether? Write an addition sentence and solve.</p>	<p>Play a board or card game with your family.</p>	<p>Draw and write the steps to how to brush your teeth.</p> 	<p>Find coins around your house. Sort them, say their name and value.</p> 
<p>Draw a butterfly with matching wings.</p> 	<p>Find 10 words with the short a sound in a book you're reading.</p>	<p>Order a group of pencils and crayons by length.</p> 	<p>Go on a nature walk. Take pictures or draw and label what you see.</p>	<p>Read a favorite book two times to a stuffed animal.</p>

Using markers or crayons, write all the addition sentences you can think of that equal 10.	Get a piece of ice from your freezer. Time how long it takes to melt. 	Name 5 of your favorite summer activities. Count how many sounds you hear in each word. Example: fish has 3 sounds; f-i-sh.	Draw and label the 2-D shapes you see around your house or outside.	Pick up trash around a park or in your neighborhood. 
Using chalk or water with a paint brush, write 10 words that have the short i sound on your sidewalk.	Skip count by 10's to 120. See if you can do it backwards, too!	Write a thank you note to your mailperson and leave it on your mailbox. 	Tell a fiction story with a beginning, middle, and end.	Use a magazine or newspaper and highlight the number words you see. Example: one, ten, fifteen, twenty
Draw a map of your room.	Make a list of people who help our community. 	Do jumping jacks as you count by 5's to 120.	Using shaving cream write 10 words with the short o sound.	Draw a main character from a book and list 2 character traits.
Using items around your house, create a hat that would help you see better in the sun. 	Make a list of number sentences adding with 10. (10+1=11, 10+5=15...)	How many kitchen items can you think of that have the short u sound in their name?	Write the numbers to skip count by 2's to 120. 	Write a poem about summer.
