Complete 24 of the activities shown below, turn in your completed form to your school in August, and receive a prize!
Cross off each activity as you complete it. The Level Up Your Learning website can be found in the icons toward the bottom of the district home webpage: www.olatheschools.org.

SIXTH GRADE

Student Name _____

School _____

WRITING	SOCIAL STUDIES/ SCIENCE/FITNESS	MATH	READING	ART / MUSIC
Make up a story and create a comic strip for it.	Social Studies: List at least five people who work in your community. What tasks do they perform and how do their jobs help us?	Find a deck of cards and play multiplication war. Deal out all cards, both people turn over their top card, multiply the two cards, whoever can say the product first, wins both cards.	Read your favorite book for 20 minutes. Tell your family and friends about the characters in your book.	Art: Draw a picture of something that is happening in the book you are reading.
Grab your favorite book and rewrite an alternate ending to the story.	Social Studies: In order to decrease waste in our landfills we can reuse items. Find one way you can decrease waste in your own life. Share with an adult and try to do that several days in a row.	Your mom is having friends over for dinner. Find a recipe and help her double the ingredients.	Using the word list below write an antonym (words that mean opposite) for each: kind, sunny, lazy, heavy, nocturnal	Music: Create a list of your family's favorite songs. Try playing the game "Finish the lyrics." One person sings the beginning of the lines and the first person in your family to correctly sing the rest if the lyrics wins.
Write a thank you note, or a kind note to a family member.	Science: (fitness) Create a nature scavenger hunt. Find at least 10 items on a walk.	Tim is a postman that works at a local post office. The basic postage is \$1.25 for each letter. If Lisa mailed four letters, how much money would she need to give Tim?	Using the word list below, write a synonym (words that mean the same) for each: careful, close, delay, frequent, grateful	Music: Write down 4 sentences to describe your favorite activities or foods. See if you can rap your sentences to a beat.

WRITING	SOCIAL STUDIES/ SCIENCE/FITNESS	MATH	READING	ART / MUSIC
Write a persuasive paragraph about which is the best season of the year. Remember to support your reasoning with examples.	Science: (art) Draw a picture of yourself with animal teeth. Explain where you would live and why you would need this adaptation to survive.	It takes Olivia one minute to swim $\frac{1}{2}$ the length of a pool. How far will she swim in 4 minutes?	Go outside and read under a tree! Enjoy the sunshine.	Music: Music is important to all of us. Listen to a radio station to which you do not normally listen. Did you enjoy the music?
Write step by step directions for making a peanut butter and jelly sandwich. Give the directions to a family member or friend and have them follow the directions.	Fitness: Goal: to be active at least 60 minutes a day. Bike, skateboard, jump rope, shoot hoops, play tag, play baseball, your choice.	Write these fractions in order from least to greatest: $\frac{1}{2}$, $\frac{7}{8}$, $\frac{1}{3}$, $\frac{2}{7}$, $\frac{3}{4}$ If you have sidewalk chalk, go outside, and do it for fun!	Grab a flashlight, a book, and turn out the lights.	Art: Doodling can be a great way to tap your creativity, relieve stress, or just have some fun. Take 10 minutes of your day and go outside and doodle on a sheet of paper as you enjoy the fresh air.
Set time aside every day to write in a journal about your day.	Fitness: Goal: to be able to do at least 10 push-ups, 10 jumping jacks, and 10 sit-ups by the end of the summer.	Find the definition of these math terms: denominator, numerator, remainder, improper fractions, ratio, equivalent	Create a top five list of your favorite books. Share the list with your family and friends.	Music: Ask your family and relatives if they were ever involved in music in their life. Did they play instruments? Did they attend concerts? Did they sing on the stage? Were they ever in a rock band? The answers may surprise you!

Answer Key:

Math, Q3: Lisa should give Tim \$5.00 for postage.

Math, Q4: Olivia can swim 2 lengths of the pool in 4 minutes.

Math, Q5: $\frac{2}{7}$, $\frac{1}{3}$, $\frac{1}{2}$, $\frac{3}{4}$, $\frac{7}{8}$
