

Priority Standards

Computer 6 – Grades 6

The table below identifies the Middle Level standards targeted in the Computer 6 class. These standards delineate a core set of learning objectives designed to provide the foundation for a student to be a well-educated citizen in a computing-intensive world and to be prepared for careers in the 21st century.

Priority Standards	Description
8.CS.IO.01	Know and apply grade-level appropriate skills with input and output devices. (CSTA Practice - P7)
8.IC.SI.01	Communicate and publish key ideas and details individually or collaboratively in a way that informs, persuades, and/or entertains using a variety of digital tools and media-rich resources. Describe and use safe, appropriate, and responsible practices (netiquette) when participating in online communities (e.g., discussion groups, blogs, social networking sites).(CSTA Practice - P2, P5)
8.IC.SLE.01	Discuss the social impacts and ethical considerations associated with cybersecurity, including the positive and malicious purposes of hacking.(CSTA Practice - P7)
