

Priority Standards

Law, Public Safety, Corrections & Security Cluster Standards – Grades 9-12

The table below identifies the cluster standards specific to the Law, Public Safety, Corrections & Security Career Cluster – the collection of Emergency and Fire Management Services Pathway courses. These are the skills students are expected to acquire as they complete courses in this pathway.

Priority Standards	Description
LW 1	Formulate ideas, proposals and solutions to ensure effective and efficient delivery of law, public safety, corrections and/or security services.
LW 2	Assess and implement measures to maintain safe and healthy working conditions in a law, public safety, corrections and/or security environment.
LW 3	Conduct law, public safety, corrections and security work tasks in accordance with employee and employer rights, obligations and responsibilities, including occupational safety and health requirements.
LW 4	Analyze the various laws, ordinances, regulations and organizational rules that apply to careers in law, public safety, corrections and security.
LW 5	Describe various career opportunities and means to those opportunities in each of the Law, Public Safety, Corrections & Security Career Pathways.
LW 6	Analyze the nature and scope of the Law, Public Safety, Corrections & Security Career Cluster and the role law, public safety, corrections and security play in society and the economy.
LW-EFM 1	Demonstrate effective communication skills (e.g., writing, speaking, listening and nonverbal communication) while utilizing communications equipment and platforms common to emergency and fire management services.
LW-EFM 2	Manage an incident scene as the first responder using emergency response skills
LW-EFM 3	Utilize up-to-date technology equipment and applications to facilitate the management of emergency and fire management situations.
LW-EFM 4	Demonstrate an understanding of the objectives and a commitment to the mission of emergency and fire management services.

Priority Standards	Description
LW-EFM 5	Execute safety procedures and protocols associated with local, state and federal regulations.
LW-EFM 6	Develop an organizational professional growth plan including the development of team building and leadership skills within the emergency and fire management environment.
LW-EFM 7	Describe the legal, regulatory and organizational guidelines governing emergency and fire management services.
LW-EFM 8	Compare and contrast the different career fields in fire and emergency management services.
LW-EFM 9	Execute protocols for handling emergency situations that range from minor medical and fire emergencies to area-wide incidents.
LW-EFM 10	Demonstrate the use and various applications of the equipment commonly used in emergency and fire management services.
LW-EFM 11	Implement an appropriate Incident Command System to effectively manage an incident scene.
LW-EFM 12	Use common codes and icons to properly handle and transport potentially hazardous substances in fire and medical emergency scenes.
LW-EFM 13	Implement public relations plans to enhance public awareness and safety in fire and emergency situations.
LW-EFM 14	Describe the elements and issues involved in using the preparedness and response systems available to manage large-scale disasters.
LW-EFM 15	Analyze the key functions and techniques of critical infrastructure protection in cases of terrorism and/or natural disasters.
