

POOL GUIDELINES AND SAFETY PROTOCOL

All customers must provide an American Red Cross or Boy Scouts of America certified lifeguard at all times they are using the pool room. The lifeguard must present their current certification card to the building supervisor or custodial staff before the pool room door will be unlocked.

POOL USE GUIDELINES

- In the event of the immediate need for pool maintenance or a scheduled school activity, the Facility Usage Department has the authority to cancel any pool event. **All school activities have priority.**
- You will not be allowed in the pool area until your scheduled time. Please arrive no earlier than 5 or 10 minutes before your confirmed time.
- Food and/or drink, with the exception of water bottles, are not allowed in pool area.
- Due to health concerns, infants must wear swim diapers or plastic pants while in pool.
- No pool toys are allowed in the pools, and use of District pool equipment is prohibited.
- Starting platforms are to be used by swim team members only.
- In accordance with safe schools, no water guns are allowed.
- No stereos, sound equipment or electrical devices of any kind are allowed in pool area.
- Bleeding, vomiting and/or toilet accidents in the pool must be reported immediately to the building facilitator or custodian. Due to health concerns, everyone will be removed from the pool immediately.
- Please be respectful to all building facilitators, custodial staff, lifeguards and school property. Failure to do so may lead to suspension of rental privileges and/or reimbursement for any property damage.

DIVING BOARD GUIDELINES

- Do not sit on handrails.
- Divers go straight off the end of the board and swim to nearest ladder.
- Only one bounce is allowed on the board.
- Divers must wait until the previous diver is at the ladder before diving.
- No goggles or lifejackets are to be worn off the boards.

Lifeguards have the authority to add or change rules to ensure the safety of all swimmers.

POOL SAFETY PROTOCOL

- No running on pool decks.
- No diving, flips, etc. off the side of the pool.
- Adults need to be within arm's reach of children using flotation devices.
- Boisterousness, profanity, roughness, or any activity that interferes with the safety of others or their enjoyment is prohibited.

In the event of a lightning storm, our Building Supervisors and custodians have been instructed to cancel all pool activities and close the pool area. This rule is to be applied in the interest of "safety first" and the decisions of our on-site School District personnel must be honored.
